

Flicker® Ladies' Safety Shaver

The first disposable ladies' shaver designed to cut hair... not skin.

There's one ladies' shaver designed to do just what you've always wanted it to... cut hair, not skin.

Thanks to Flicker's exclusive self-contained design, your hands never have to touch blades again. Just turn the dial. The little window shows how many blades you've used.

Only Flicker gives you 5 blades. Not one or two like other shavers. So you get months of close, smooth shaves. And when you've used all 5 blades, there's no hassle. Flicker's disposable, too. Try it.

Flicker's 5 stainless steel blades are protected with an exclusive Skin Shield™ wrapping to let only your hair get close to the cutting edge. Protects your skin.

Flicker lets you shave
your legs close.
Smooth. Safe. Even
on your knees.
And ankles.

Flicker's designed
to make shaving
undamnit and
all those hard-
to-reach places
easier and
safer.
